INTERNSHIP EXPERIENCE

Roland Berger

Nov 2025 - Feb 2026

PTA, Strategic Consulting Department

- Participated in a strategic project for the launch of a new energy vehicle brand, responsible for in-depth research on the current situation and development trends of the new energy vehicle industry:
 - Participated in interview meetings within the new energy vehicle sector, responsible for conducting the interviews and writing detailed minutes of the meetings
 - During the market marketing planning phase, sought and contacted key opinion leaders (KOLs) and key opinion consumers (KOCs) within the industry, conducting effective communication and negotiations
 - Created PowerPoint presentations, detailing the marketing plan and strategic direction to ensure clear communication of project information
- In the implementation phase of the project, I was responsible for researching the characteristics of the target customer group, designing and creating questionnaires to collect key market information and customer preference data.

Dongguan Rural Commercial Bank Co.,Ltd.

July 2025 - Aug 2025

Internship, Finance Department, Procurement Team

- Enhanced procurement efficiency by streamlining coordination with tender agencies and implementing structured documentation checklists, reducing pre-turnaround time and manual errors.
- Ensured compliance and risk mitigation by reviewing bidding processes and identifying discrepancies, directly supporting internal audit readiness and process integrity.
- Supported strategic sourcing decisions by conducting financial background checks and credit risk assessments on potential vendors, contributing to a more reliable supplier database.

PROJECT EXPERIENCE

Case Analysis and Presentation (Course Project – Asia Case Research Center)

Jan 2026 - Apr 2026

- Conducted case studies on Tencent AI, Volkswagen, Maxim's Cakes, and a local HK restaurant (Bistro Concept).
- Proposed creative solutions, identified strategic/operational risks, and performed financial analyses (profitability, breakeven, ROI).
- Presented findings to peers and received direct feedback from industry professionals, refining logic and client-centric storytelling.

EXTRACURRICULAR EXPERIENCES

Oliver Wyman IMPACT Hong Kong Competition The Ordinary AI Growth Strategy Case

Apr 2026

- Participated in Oliver Wyman's annual undergraduate case competition, developing a growth strategy for The Ordinary (Estée Lauder subsidiary) as part of a 4-person team.
- Contributed to product matrix construction and competitor benchmarking, identifying key opportunity in the affordable high-potency skincare segment and AI integration gap versus peers.
- Designed the 2+1 AI Experience framework (offline AI Lab + AI-powered retail shelf + online full-cycle TOI Agent) to address client challenges in the AI-driven market.

5th Meituan Business Analytics Competition

Team Leader

Apr 2025

- Spearheaded a data-driven research project on sustainable tourism for niche destinations, using Python to scrape and analyze 10,000+ user reviews.
- Integrated social media trends with consumer feedback to propose innovative marketing strategies, including demand matching and regional resource integration.
- Authored a 4,500-word business report that showcased strategic thinking, cross-team collaboration, and the ability to translate data into actionable business plans.
